

Quality Performance Assessment Institute

RETHINK STUDENT ASSESSMENT IN NEW HAMPSHIRE

Competency-based education requires students to demonstrate their skills and knowledge at deeper levels. Quality Performance Assessment (QPA) provides educators with a flexible framework and set of tools to use in designing performance assessments that produce high quality evidence of this deeper learning within real world contexts.

During this four-day **QPA Institute**, participants will:

- ▶ Learn the role of performance assessment in a competency-based assessment system
- ▶ Design performance assessments and rubrics
- ▶ Practice collaborative practices and protocols to bring back to your systems
- ▶ Explore joining the NH Performance Assessment for Competency Education initiative

The QPA Institute is open to NH school or district teams of 4-5 educators. We will be hosting institutes at five locations across NH.; **choose the best location for your team!**

Seacoast Kingston, NH

October 15
