This workshop is designed for teachers and leaders who want to improve teaching and learning in their schools using performance assessment. We will explore how high-quality performance assessment design and implementation can create meaningful learning and assessment experiences for students and educators. The workshop will include plenary presentations and interactive break-outs where educators will choose sessions based on their own interests and prior experience. Topics will include:

- ✓ Performance Assessment 101
- ✓ Student-led Assessment & Student Exhibitions
- ✓ Advanced Topics in Performance Assessment
- ✓ 3D Next Generation Performance Assessment in Science
- ✓ Connecting Performance Tasks with Curriculum Re-design
- ✓ Performance Assessment for Instructional Leaders
- ✓ Student Work Analysis
- ✓ Effective use of Formative Assessment
- ✓ Rubric Design & Use
