

OGAP MATHEMATICS TRAINING - NH

ONGOING ASSESSMENT PROJECT SUMMER 2022

- **Four Consecutive, In-Person Days in June, July, & August**
- **Various Locations throughout NH** *(See dates & locations on page 2)*
- **8:30 a.m. – 3:30 p.m.** *(One hour lunch break at 12 Noon)*
- **Content Areas: Additive, Multiplicative, Proportions, and Fractions**
- **Free to NH Educators**
- **Three virtual follow-up sessions will be scheduled Sept. – Oct. for teachers to review student work and discuss the mathematics progressions**

OGAP is an evidence-based formative assessment system that includes professional development, resources, and routines for teachers and leaders to continually adjust instruction to meet the diverse needs of students in grades K-8 mathematics

“OGAP focuses conversation about student work where the first thing we look at is evidence of what students know instead of what they don’t know”

Benefits of OGAP Training:

- **Teachers develop deeper understanding of the mathematical content**
- **Introduce teachers to underlying research on student learning**
- **Explore and model effective instructional strategies**
- **Provide practice in using OGAP tools and routines to continually monitor and respond to student thinking**
- **Actively engage teachers in problem solving, analyzing student work, and small and whole group discussions**
- **OGAP helps teachers become smarter users of their district’s math program**
