OGAP MATH ADDITIVE
FACILITATOR TRAINING

Five, In-Person, Day-Long Sessions to become an OGAP Additive Facilitator
Half Price for NH Teachers

This training is designed for math leaders who have completed the 4-day OGAP Additive Reasoning training and are interested in providing OGAP professional development and support to educators in their district.

OGAP is an evidence-based formative assessment system that includes professional development, resources, and routines for teachers and leaders to continually adjust instruction to meet the diverse needs of students in grades K-8 mathematics.
