

SUPPORTING LEARNERS OF ALL ABILITY LEVELS AND LEARNING CHALLENGES

Join us to take a deep dive into how to use Universal Design in a Competency-Based environment to meet the needs of all learners. The focus will be on individual participants who are working directly with students. Exchange ideas with other professionals and get what you need to be successful.

WORKSHOP OBJECTIVES:

- ◆ Learn to Reach All Students in the Classroom
- ◆ Collaborate With Experienced Teachers to Learn How to Support Learners of all Ability Levels and Learning Challenges
- ◆ Deepen Your Understanding and Improve Your Practice with Competency-Based Learning
- ◆ Problem-Solve Dilemmas You May Be Facing
- ◆ Build Capacity and An Ongoing Network for This Work

This workshop is presented at no cost by the NH PLACE SEE Team (Special Education, ELL, and Equity)
