

Project Based Learning

Design Learning That Gives Students a Reason to Care

Combine the power of Project-Based Learning with Agile practices to create dynamic, student-centered learning experiences that build critical skills for today and tomorrow.

Meaningful Learning

Eligible for
Graduate
Credit

- **Dates & Time:** June 28-30, 2027, 8:00-2:00
- **Location:** McLane Audubon Center, Concord, NH
- **Cost:** \$595 per person (Lunch included)
Enrollment deadline: June 25, 2027
- **Optional SNHU Graduate Credit:** 3 graduate credits available for full participation at \$240/credit (\$720 in addition to the registration fee), due by **June 27, 2027** [Register Here](#)

Day
1

FOUNDATIONS

**What Makes PBL
Powerful?**

- The why and what of high-quality PBL
- Characteristics and design elements
- Exploring real-world relevance and impact
- Crafting driving questions and authentic tasks

Day
2

DESIGN

Plan with Purpose

- Agile practices for student collaboration
- Agile tools for iterative planning and flexibility
- Backward design for PBL
- Integrating standards and skills

Day
3

Facilitate

Bring to Life

- Managing the learning process (sprints, check-ins, feedback loops)
- Assessment and reflection
- Finalize and share your PBL Plan

REGISTER TODAY

Bring PBL to Your District

By the end of the experience, you'll have:

- **Practical Tools:** Templates, protocols, and examples you can use right away.
- **Hands-on Learning:** Work, collaborate, and design alongside other educators.
- **Agile in Action:** Learn how to use short cycles, feedback, and flexibility to support student success.
- **Lasting Impact:** Leave with a plan and the confidence to make it happen.

Our three-day professional learning experience equips educators with the mindset, tools, and practices to design and facilitate meaningful Project-Based Learning (PBL) using an Agile approach.

Tailor This Partnership to Your District

Want to bring this learning experience to your district? We can tailor the three-day PBL and Agile training to your educators, our priorities, and the work already happening in your schools.

Let's build an experience that makes sense for your district-and gives teachers practical tools they can put to work right away

Facilitated by
Bari Boisvert
Director of Student
Centered Learning
New Hampshire
Learning Initiative

Bari Boisvert, NHLI's Director of Student-Centered Learning, brings over 27 years of classroom teaching and leadership experience to empower educators in competency-based and project-based learning. . A dedicated mentor and Professional Learning Community (PLC) leader, she works directly with educators across New Hampshire to build authentic, empowering learning environments.
